Mycopathologia **133:** 193–194, 1996.

CONTENTS VOLUME 133

Issue 1

Seasonal study of the fungal biota of the fur of dogs – F.J. Cabañes, L. Abarca, R. Bragulat & G. Castellá 1–7

A study of dermatophytoses in Hamadan, the governmentship of West Irian – E. Omidynia, M. Frashchian, M. Sadjjadi, A. Zamanian & R. Rashidpouraei 9–13

The mycoflora and incidence of aflatoxin, zearalenone and sterigmatocystin in dairy feed and forage samples from Eastern India and Bangladesh – S.I. Phillips, P.W. Wareing, A. Dutta, S. Panigrahi & V. Medlock 15–21

Acute effect of aflatoxin B_1 on different inbred mouse strains II – R.M.A. Almeida, B. Corrêa, J.G. Xavier, M.A.B. Mallozzi, W. Gambale & C.R. Paula 23–29

***

Book review – J.M. Labavitch 133

IMI descriptions of fungi and bacteria 33–63

Issue 2

Cryptococcosis as an opportunistic infection in immunodeficiency secondary to paracoccidioidomycosis – G. Benard, R.C.B. Gryschek, A.J.S. Duarte & M.A. Shikanai-Yasuda 65–69

Study of the role of iron in the anticryptococcal activity of human serum and fluconazole – D.D. Grover, E. Brummer, D.A. Stevens 71–77

Isolation of opportunistic fungi from bronchoalveolar lavage of compromised hosts in Isfahan, Iran – S. Shadzi & M. Chadeganipour 79–83

Bovine mastitis due to algae of the genus *Prototheca* – E.O. Costa, A.R. Ribeiro, P.A. Melville, M.S. Prada, A.C. Carciofi & E.T. Watanabe 85–88

Candida albicans stress mannoproteins expression in superficial and systemic candidiasis – J. Pontón, F.L. Hernando, M.D. Moragues, P.L. Barea, M. Gerloni, S. Conti, P. Fisicaro, C. Cantelli & L. Polonelli 89–94

Inhibition of polyamine biosynthesis and growth in plant pathogenic fungi *in vitro* – Bharti & M. V. Rajam 95–103

Development of an L6 myoblast in vitro model of moniliformin toxicosis – R. Reams, H.L. Thacker, M. Novilla, D. Laska, J. Horn, D. Harrington, W. Greenlee & R. Vesonder 105–114

Purified moniliformin does not affect the force or rate of contraction of isolated guinea pig atria – R.Y. Reams, H.L. Thacker, D.D. Harrington, M.N. Novilla & B. Wilson 115–118

Production of lipase free of citrinin by *Penicillium citrinum* – M.C.B. Pimentel, E.H.M. Melo, J.L. Lima Filho & N. Durán 119–121

Absence of detectable fumonisins in the milk of cows fed *Fusarium proliferatum* (Matushima) Nirenberg culture material – J.L. Richard, G. Meerdink, C.M. Maragos, M. Tumbleson, G. Bordson, L.G. Rice & P.F. Ross 123–126

***

Book Review – K.C. Hazen 127

Issue 3

Extracellular proteolytic enzyme activity of *Histoplasma capsulatum* var. *duboisii* – F.A. Motoe-Okafor, H.C. Gugnani & O.O. Obidoa 129–133

Inoculation experimental animals with *Paracoccidioides brasiliensis* strains: An attempt to reestablish the dimorphic process and variation in pathogenicity as a function of time of preservation under mineral oil – A.M. Mendes da Silva, C.M. Borba & P.C. de Oliveira 135–138

A vitamin-free minimal synthetic medium for *Cryptococcus neoformans* – V. Vidotto, S. Aoki & G. Campanini 139–142

Glucose influence on germ tube production in *Candida albicans* – V. Vidotto, G. Accattatis, Q. Zhang, G. Campanini & S. Aoki 143–147

Intravascular granuloma induced by intravenous inoculation of *Cryptococcus neoformans* – H. Yamaoka, N. Sakaguchi, K. Sano & M. Ito 149–158

Occurrence of cyclopiazonic acid in feeds and feedstuffs in Tamil Naud, India – C. Balachandran & K.R. Parthasarathy 159–162

The phytoxicity of *Fusarium* metabolites: An update since 1989 – M. McLean 163–179

Mycoflora and fumonisin-producing strains of *Fusarium moniliforme* in mixed poultry feeds and component raw material – G. Castellá, M.R. Bragulat & F.J. Cabañes 181–184

A flatoxin formation and varietal difference of cow pea (*Vigna unguiculata* (L.) Walp.) and garden pea (*Pisum sativum* L.) cultivars – I.A. El-Kady, S.S. Mohamed El-Maraghy & A.A. Zohri 185–188

***

Book review – R. Dill-Macky 189

Erratum: Western blot analysis of cerebrospinal fluid for detection of *Aspergillus* antigens – P. Ray, A. Chakrabarti, M. Jatana, B.S. Sharma & A. Pathak 191

Volume contents 193–194

List of contributors 195

Mycopathologia **133:** 195, 1996.

LIST OF CONTRIBUTORS VOLUME 133

Abarca, M.L., 1
Accattatis, G., 143
Almeida, R.M.A., 23
Aoki, S., 139, 143

Balanchandran, C., 159
Barea, P.L., 89
Benard, G., 65
Bharti, 95
Borba, C.M., 135
Bordson, G., 123
Bragulat, M.R., 1, 181
Brummer, E., 71

Cabañes, F.J., 181
Cabanes, F.J., 1
Campanini, G., 139, 143
Cantelli, C., 89
Carciofi, A.C., 85
Castellá, G., 1, 181
Chadeganipour, M., 79
Conti, S., 89
Corrêa, B., 23
Costa, E.O., 85

de Oliveira, P.C., 135
Dill-Macky, R., 189
Duarte, A.J.S., 65
Durán, N., 119
Dutta, A., 15

El-Kady, I.A., 185

Farshchian, M., 9
Fisicaro, P., 89

Gambale, W., 23
Gerioni, M., 89
Greenlee, W., 105
Grover, D.D., 71
Gryschek, R.C.B., 65
Gugnani, H.C., 129

Harrington, D.D., 105, 115
Hazen, K.C., 127
Hernando, F.L., 89
Horn, J., 105

Ito, M., 149

Jatana, M., 191
